\$ FY20 Project Budget: \$135,350

Total Project Budget: \$1,150,750

This project includes design and installation of storm drainage improvements at the low-water crossing on Sunset Drive. These storm drainage improvements will provide crossing capacity underneath the roadway for the 25-year runoff event and a new pedestrian connection between S. Monte Verde Drive and Sunset Park. The project may also incorporate some traffic calming strategies to reduce vehicular speeds in this area of Sunset Drive. A Sidewalk/Public Access Easement on the west side of Sunset Drive for the pedestrian connection was acquired by the City in 2006.

The City has an IGA with the Yavapai County Flood Control District (YCFCD) in which the YCFCD will be covering \$100,000 of the design cost and \$350,000 of the construction cost of this project.

Status: The design work for this project is budgeted in FY20. The design process began with JE Fuller, Inc. in August 2019. The construction for this project is budgeted in FY21.
